This Is Your Chance to Have Your Say

This survey is designed to inform the development of the Roper Gulf Regional Council Strategic Plan 2022-2027.

The basis of Roper Gulf Regional Council's direction is a Strategic Plan that outlines the Vision, Mission, Goals and strategies of the organisation. The primary role of Council, amongst other things is *"to act as a representative, informed and responsible decision maker in the interests of its constituency; and to represent the interest of its area to the wider community"* (s21 (a) Local Government Act 2019).

The way the Council plans to undertake these responsibilities is expressed through a Strategic Plan.

The Strategic Plan is extremely important to the Council in setting the framework for decision making and direction for Council. It will impact annual regional plans and other plans of the Council. Without a Strategic Plan it becomes a 'ship without a rudder'.

The questions are easy to answer and the survey will take approximately 8 minutes to complete.
