

## General Manager, Corporate Services & Sustainability

### Challenge and Reward Yourself

Roper Gulf Regional Council offers an opportunity to the right corporate professional to lead a diverse portfolio of departments that support Council's frontline service delivery in a real and tangible way.

This is no ordinary Council job that keeps you strictly boxed into your office and a job description, but one where you will be needed to contribute in all aspects of Council's operations every single day. You will need to be adaptable and able to think strategically and operationally.

The attraction of a career with Roper Gulf Regional Council is that there are a multitude of options available in a day's work within the organisation and interesting and challenging tasks arising every day. There is never a dull moment in this job.

### About the Role

As General Manager of Corporate Services & Sustainability, you will be directly managing the Finance, Human Resources, Corporate Compliance, Information Technology, Grants Management and Community Development Program departments.

You will also be a part of the executive team and will be expected to weigh in on other Council operations which include municipal services, community safety, sport & recreation, aged care, child care, construction projects and assets management.

Tertiary qualified with post graduate studies, you will have an impressive track record delivering strategic corporate support, ideally in a Local Government setting. After all, you have a minimum of five (5) years' management experience in a similar executive role behind you. You will be highly desired if you have plenty of experience in working in remote locations and with Indigenous people. You need to be a strong, positive communicator able to talk to a government minister in one breath and a tradie in the next.

This job is suitable for the adventurous spirit where you will be well rewarded personally and professionally when you are successful at it. Plus you get paid for doing it with an attractive remuneration package that includes family housing in Katherine.

To an ambitious, highly driven professional it is a real opportunity to take their next career step, develop a new portfolio of skills and most importantly, make a tangible contribution to the long-term sustainability and well-being of all Roper Gulf communities and people.
